

YALE UNDERGRADUATE HEDGE FUND ASSOCIATION

SPONSORSHIP PROSPECTUS

LETTER FROM THE EXECUTIVE BOARD

To prospective sponsors,

The Yale Undergraduate Hedge Fund Association (YUHA), founded in 2023, has grown to **100+ members** with experience at leading hedge funds (Point72, Millennium, BAM), investment banks, and consulting firms. **It is the only Yale organization focused exclusively on hedge funds.**

Our mission is to provide opportunities for curious students to learn about an industry **that is often opaque to undergraduates**. Increasing literacy around investment decisions and forging connections between students and alumni are our organization's core goals.

Admission is selective, with multiple interview rounds. Members are placed within a sector group that focuses on a particular strategy (such as Global Macro, L/S, Arbitrage). With guidance from a Group Head (usually a junior or senior), members apply lessons from weekly curricula and produce tailored deliverables specific to their strategy, ranging from stock pitches to macroeconomic outlooks on particular industries.

YUHA cultivates some of the most promising students who are preparing for careers in finance, asset management, and related fields. By sponsoring our organization, your firm gains **early access to these driven candidates**: students at one of the nation's premier universities, eager to contribute their analytical rigor and passion to your team.

We invite you to play a **critical role in mentoring and developing the next generation of hedge fund analysts and portfolio professionals**. Your support helps make our programming inclusive and accessible, enabling students from diverse backgrounds to pursue opportunities in finance. Sponsorship funds allow us to host **trading competitions, firm dinners, industry treks to offices, underwriting speaker events, providing educational materials, hosting networking receptions, and supporting other signature initiatives**.

We offer a spectrum of sponsorship levels (detailed below) and would appreciate any support your company is able to give. If you'd like to discuss YUHA or how your organization can partner with us, please don't hesitate to reach out to me at christian.ruizangulo@yale.edu

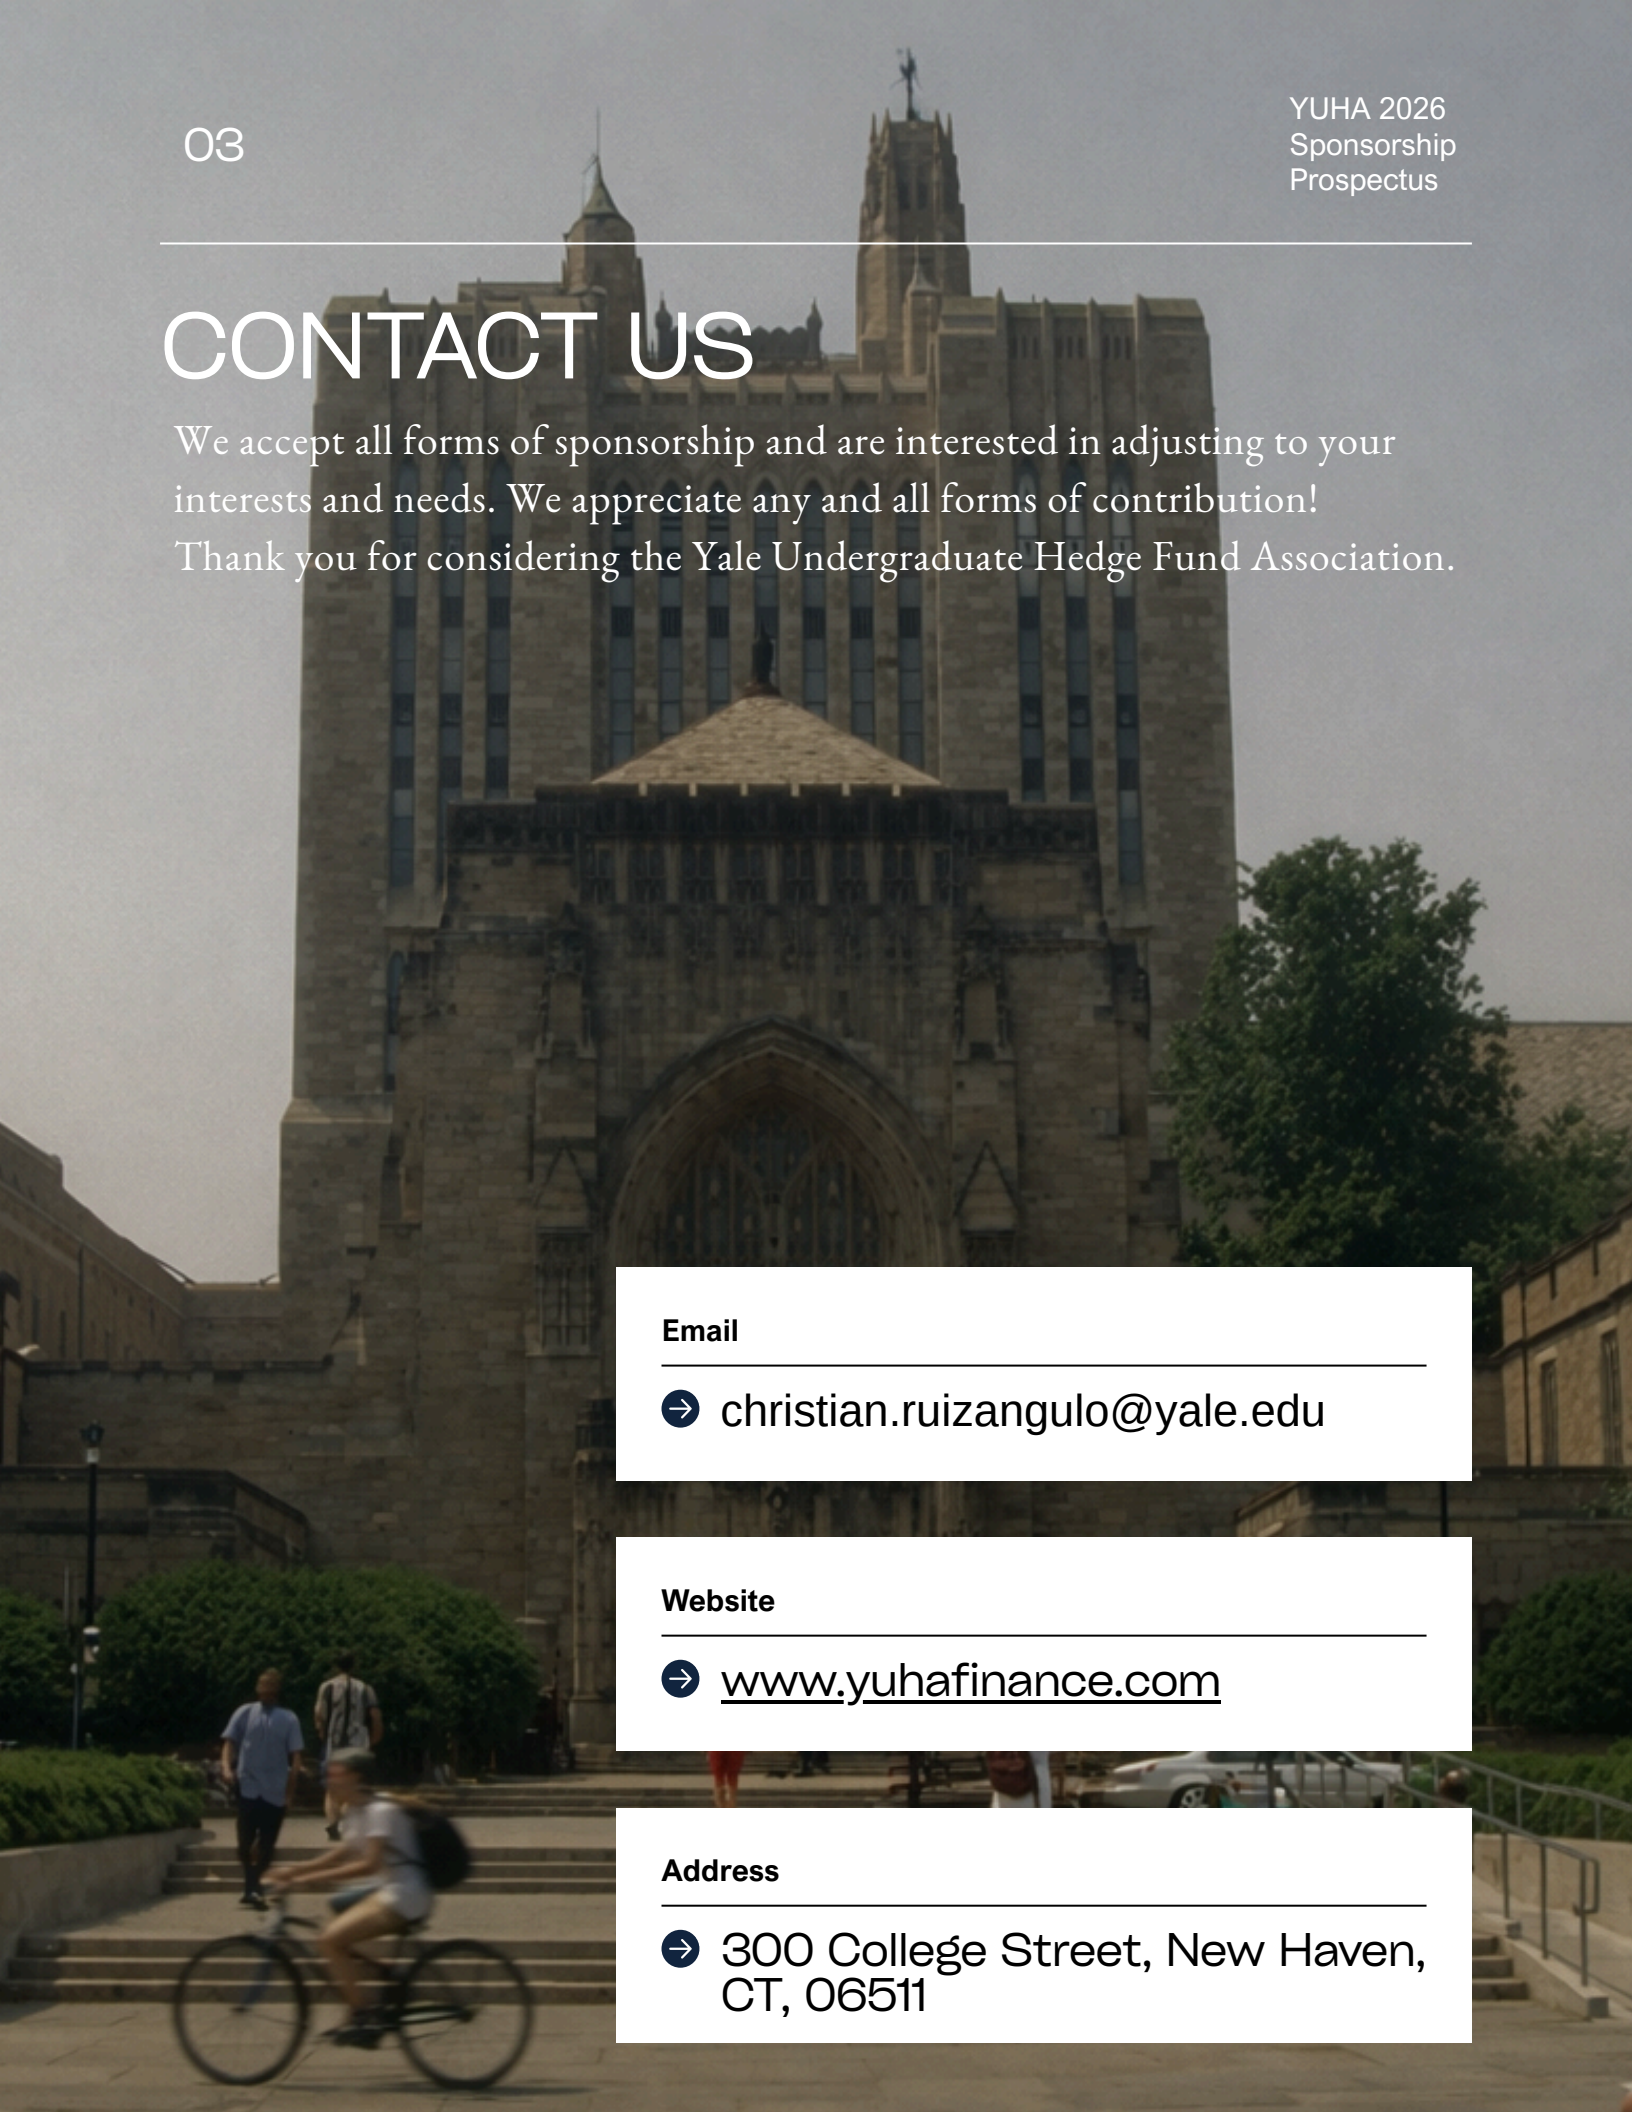

SPONSORSHIP PACKAGES
